

# Tazewell Transfer Station

## PROJECT OVERVIEW

**Project:**  
*Tazewell Transfer Station  
East Peoria, Illinois*

**Client:**  
*Waste Management*

**Contract:**  
*Construction Manager*

**Harbour Contractors, Inc.** and Waste Management have had continued success throughout the years including negotiation of a contract to construct a waste transfer facility in Tazewell County. The facility receives waste material from Waste Management and independent haulers where it is transferred to larger disposal haulers. The U.S. Green Building Council awarded the project a **LEED® Gold Certification**.

## Project Highlights:

- Extensive use of recycled and locally manufactured materials
- Forest Stewardship Council Certified Lumber
- High reflectivity and garden roof system
- Native, drought tolerant landscaping for storm water treatment
- Use of rainwater for toilet flushing; low flow/flush plumbing features
- LEED compliant site lighting design

## Services Provided Included:

Construction Inspection  
Survey & Layout  
Material Inspection

Project Management & Cost Controls  
Project Documentation  
Site Planning & Public Agency Coordination
