

Chicago 12th District Police Station

PROJECT OVERVIEW

Project:

12th District Police Station

Client:

Public Building Commission of Chicago

Contract:

General Contractor

Harbour Contractors, Inc. was selected to build a new 44,000 SF, two-story, masonry prototype located on a 4.0 acre site. The facility is five times the size of the facility it is replacing. It includes features such as a community room, secured viewing and line up room, sally port, booking and holding areas, video arraignment room, telecommunication room, fitness room, video wall roll call room, security monitoring system, and a quiet room.

This project was designed to achieve the goal of **LEED® Gold Certification** and includes a geothermal heating and cooling system, green roof over 50% of the roof, permeable unit paver parking lot selected to reduce heat island effects, environmentally friendly and recycled material usage, and a state-of-the-art building energy management system.
