

Hoffman Estates Ice Arena

PROJECT OVERVIEW

Project:
Blackhawk Ice Arena

Client:
*Hoffman Estates, Illinois Park District
& Chicago Wolves Hockey Club*

Contract:
Construction Manager

Harbour Contractors, Inc. served as the construction manager for the Blackhawk Ice Arena Project. This multi-use sports facility houses two NHL regulation ice surfaces and two indoor basketball courts, along with a pro shop, concession stand, several meeting rooms, and the Chicago Wolves training facilities and offices. The ice arenas alone have the ability to house over 5,000 spectators inside with plenty of parking outside.

Harbour is proud to have served as the construction manager for this prestigious project and the ice quality that is delivered by refrigeration and HVAC systems that we helped to design / build.

Services Provided Included:

Construction Inspection
Survey & Layout
Material Inspection

Project Management & Cost Controls
Project Documentation
Site Planning & Public Agency Coordination
