

Morris Municipal Services Facility

PROJECT OVERVIEW

Project:

Morris Municipal Services Facility

Client:

City of Morris, Illinois

Contract:

General Contractor

Harbour Contractors, Inc. was recommended and selected as the general contractor for the new Morris Municipal Services Facility based on our proposal to Gilfillan, Callahan, Nelson Architects. The facility includes a sally port, processing room, three interview rooms, and five holding cells to service the Morris Police Department.

The facility is also the new home for City Administration, the Mayor's office, the council room and the council chamber, fulfilling the current needs of the City of Morris for their municipal services.
