

Waste Management Corporate Offices

PROJECT OVERVIEW

Project:

*Waste Management Corporate Offices
Oak Brook, IL*

Client:

Waste Management, Inc.

Contract:

Construction Management

Harbour Contractors, Inc. was selected as the construction manager for the new Waste Management corporate headquarters located in Oak Brook, IL. The 85,000 SF facility featured a cutting-edge glass look with a 200 seat auditorium, full service cafeteria, and a below / above grade parking structure.

Harbour performed so well during the construction management of this project that we have since been selected to perform construction management on several other Waste Management projects including a vehicle maintenance facility and several waste transfer stations.
