

PROJECT OVERVIEW

Project:

*O'Hare International Terminal 5
Chicago, Illinois*

Client:

*Chicago Department of Transportation
Dave Mosena
(773) 949-2640*

Architect/Engineer:

*Murphy-Jahn Architects
Helmet Jahn
(312) 427 7300*

Construction Cost:

\$ 618 Million

Completion:

January 2000

An additional terminal was needed to house the growing rate of international flights out of Chicago's largest airport. Harbour was selected as the Program Manager for the project. The Harbour Team helped to deliver the project on time and within the original budget.

Harbour has been working at O'Hare International Airport ever since the work performed on Terminal 5 and is currently a Construction Manager for the O'Hare Modernization Program. The OMP project has a construction budget of 6.5 billion dollars and realigns the runway configuration to a straight east – west set up allowing for multiple runway use at the same time.

Services Provided Included:

Construction Engineering & Inspection
Survey & Layout
Material Inspection
Reallocation of Management Staff

Project Management & Cost Controls
Project Documentation
Site Planning & Public Agency Coordination
