

# Union Pacific Rail Relocation

## PROJECT OVERVIEW

### Project:

*Relocation of Union Pacific Railroad at O'Hare International Airport*

### Client:

*City of Chicago*

### Contract:

*Construction Manager*

**Harbour Contractors, Inc.** was the construction manager of the Union Pacific rail relocation at O'Hare International Airport. The rail was relocated to accommodate the expansion of the runway systems at O'Hare. The project entailed earthwork, installation of ties and rail, distressing of rail, and cutover to UPRR main lines No. 1 & 2.
